Conformity	
STAEDTLER Textsurfer 364 colors meets the standards:	
ISO 11540	“Caps for writing and marking instruments intended for use by children up to 14 years of age – Safety requirements’. Ventilated caps reduce the danger of asphyxiation for children up to the age of 14 should caps be swallowed accidentally.
ASTM D-4236	These products are tested by ACMI (Art & Creative Material Institute) and conform to the US-Standard ASTM D-4236. According to the standard, a qualified toxicologist tests the products.
The products meet the Regulations (EC) No 1907/2006 (REACH) concerning the Registration, Evaluation, Authorization and Restriction of Chemicals and the regulation (EC) No 1272/2008 of the European Parliament and of the Council on classification, labeling and packaging of substances and mixtures and Regulation (EU) No. 528/2012 concerning the making available on the market and use of biocidal products. In accordance with REACH Regulation, Article 33, you will find our current articles subject to mandatory reporting under the following link https://www.staedtler.com/REACH Labeling according to biocide regulation: Contains preservative MIT, BIT, OIT. Avoid skin contact.	

Usage notes
Highlighter - Ideal for marking text and colouring larger areas. Water-based ink. Black highlighter covers up text and lines, however, they still remain legible. Illegible after copying.

Staedtler has been certified to ISO 9001 and ISO 14001 and considered in the selection of raw materials and their processing in the relevant national and international laws to protect the users.
